*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the let &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, fro defects, was not entitled to a Character in the Register Book; a red line with date under it (thus,) indicates that the Class was withdrawn from non-compliance, at that da Society's Rules. The note * prefixed to ⩓ thus, *⩓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note *: thus A : 1. tha has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red ( ) over the figure 1 indicates defects in engines or b Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Spec*

BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was a time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters a &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from rep defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date, wi Society's Rules. The note * prefixed to ✠ thus, *✠, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡ thus ✠ ‡, that the V has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boilers Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Su*

For A1 printed in Red, see [illegible] BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asphe

LMC.—Mastless Composite [illegible] and connected to the Hull by Iron Bolts. Lloyd's Register ✠ [illegible]

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

The symbols of class when printed within brackets thus (A1) (—), indicate that the class has been withdrawn by request of the Owners.

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. *In Column 13 three dots ... indicate that the Vessel w time Classed, but that the Class has been withdrawn at Owner's request.* *In the same Column Lv signifies the classification of the Underwriters' Registry, and the letter &c., indicate the letters and equipment numbers in Table No. 22.* *In Column 14 a black line with date under it (thus, 3.83) indicates that, at that date, the Vessel,* from defects, *was not entitled to a Character in the Register Book; a red line with date under it (thus,) indicates that the Class was withdrawn from non-compliance, at that date. Society's Rules.* *The note * prefixed to ✠ thus, *✠, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡ thus A ‡ 1, that t has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron.* *A ring in red ( ) over the figure 1 indicates defects in engines or bo Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety.* *In Columns 1 and 13 the ✠ signifies that the vessel was built under Specia*

BHds.—Bulkheads. *PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck.* *Cem.—Cemented.* *Asp.—A*

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel w time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the lette &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from defects, was not entitled to a Character in the Register Book; a red line with date under it (thus,) indicates that the Class was withdrawn from non-compliance, at that date Society's Rules. The note * prefixed to ⩓ thus, *⩓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note *, thus A : 1, that t has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boi Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special*

BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented, Asp.—A

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

The symbols of class when printed within brackets thus (A1) —, indicate that the class of the Vessel has lapsed for want of Survey.

*** Additional Ships are inserted in the Supplement at the end of the Register.

N.B.—All vessels assigned a character in the Register Book are required, under the Rules of the Society, to be submitted to Surveys by the Society's Surveyors periodically (annually, if practicable), in order to its being seen that their efficiency is duly maintained. It is also a condition that all repairs of ships or machinery required at ports where there is a Surveyor to this Society, in order to their retaining the characters assigned to them in the Register Book, must be carried out under the inspection and to the satisfaction of the Society's Surveyors. Ships or Machinery repaired at ports where there is no Surveyor to this Society must be surveyed by one of the Society's Surveyors at the earliest opportunity.

The *Date of Survey* of a ship only certifies to its efficiency at that time.

In reference to the Rules of the Society, and in order to prevent the disappointment arising from ships losing their characters from want of survey, it is hereby intimated that the duty of giving *Notice of Periodical Surveys* required by the Rules, or when repairs are necessary in consequence of damage, or from other causes, rests with the Owners, Masters, or Agents.

In Column 13 three dots ... indicate that the Vessel was time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the cancellation of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 5.85) indicates that, at that date, the Vessel, from defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 5.85) indicates that the Class was withdrawn from non-compliance, at that date Society's Rules. The note * prefixed to ⚓ thus, *⚓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡, thus ⚓‡ 1, that has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects to engines or boi Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special*

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... follows that the Vessel was at times Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters a &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 5.83) indicates that, at that date, the Vessel, from re defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 5.83) indicates that the Class was withdrawn from non-compliance, at that date Society's Rules. The note * prefixed to ⚓ thus, *⚓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‖, thus ⚓‖1, that the has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (◉) over the figure 1 indicates defects in engines or boilers Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Su*

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv *signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.86) indicates that, at that date, the Vessel, from rep defects, was not entitled to a Character in the Register Book; a red line with date under it (thus,) indicates that the Class was withdrawn from non-compliance, at that date, w Society's Rules. The note " prefixed to ⚓ thus, "⚓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡, thus A ‡ 1, that the has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red ( ) over the figure 1 indicates defects in engines or boilers Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Su*

For A 1, painted in Red, see Key.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters A 1, &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus,) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * prefixed to A thus, *A, indicates that the Vessel has been built with heavier plating than the Rules now require; the note *, thus A 1 *, that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red ( ) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey. For A 1, printed in Red, see Key. BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asphalted. LMC.—Machinery Certificate in the Engineering Department of Lloyd's Register. LMCC.—Boilers and Machinery Certificate in the Engineering Department of Lloyd's Register. ✠ Special Survey of Hull and Machinery. (Abbr. ✠ LMC).*

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots … indicate that the Vessel was at some time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters a, b, &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * prefixed to ⩓ thus, *⩓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note *, thus A *1, that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (O) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey.*

For **A1**, *printed in Red, see Key.* *BHds.*—*Bulkheads.* *PBH.*—*Partial Bulkheads or Bulkheads not reaching to the Main Deck.* Cem.—*Cemented.* Asp.—*Asphalted.*

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters &c., &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from repo defects, was not entitled to a Character in the Register Book; a red line with date under it (thus,) indicates that the Class was withdrawn from non-compliance, at that date, with Society's Rules. The note * prefixed to ⚓ thus, *⚓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note *, thus A *1, that the V has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red ( ) over the figure 1 indicates defects in engines or boilers Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Sur*

For A 1, special to Hull, see p. 10. *BHds.—Bulkheads.* *PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck.* Cem.—*Cemented.* Asp.—*Asphalt*

LMC—*Maximum Corrosion* for the purpose of Classification. *Engines Examined* and reported to be in accordance with the Rules. *Boilers* and Machinery Examined and reported to be in accordance with the Rules. *Tonnage* by Builder's Measurement. ✠ Indicates Special Survey during Construction. (Gas) ✠ LMC ... Engines Examined and reported to be in accordance with the Rules. Lrp.—Locate

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was [illegible] time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters A, &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from [illegible] defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note "proposed to ✠ thus, "✠," indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡ thus ‡ 1. that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (O) over the figure 1 indicates defects in engines or boilers of Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey. For A 1 printed in Red, see Key.

BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asphalted. LMC.—Machinery Certified by the Engineer Surveyors to Lloyd's Register. BMS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction. (Mar. ✠ LMC., ✠ N.Lab.) Irp.—Large repairs. Arp.—Lesser repairs of Machinery.

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Under writers' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that at that date, the Vessel, from defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.84) indicates that the Class was withdrawn from non-compliance, at that date, Society's Rules. The note * prefixed to ⚓ thus, *⚓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡, thus A ‡ 1, that the has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red ( ) over the figure 1 indicates defects in engines or boile Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special*

For A 1, printed as Hull, see Key. BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—As

LMC.—Machinery Certified by the Engineer Surveyors to Lloyd's Register. BHSS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer Surveyors Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction. (Thus ✠ LMC ✠ 7.87.) Irp.—Iron repaired. Asp.—Asbestos covering of Boil

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv *signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date Society's Rules. The note * prefixed to* A *thus,* *A, *indicates that the Vessel has been built with heavier plating than the Rules now require; the note* *. *thus* A 1 *, that has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (O) over the figure 1 indicates defects in engines or boi Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special*

For A1, printed in Red, see Key. BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—A

LMC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B&MS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Su Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠ LMC., ✠ B&MS). lrp.—Large repairs. drp.—Damage repairs, or A

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was a time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters a &c. indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from rep defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, wi Society's Rules. The note * prefixed to ⚓ thus, *⚓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note *, thus ⚓ *, that the V has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (◯) over the figure 1 indicates defects in engines or boilers Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Su*

For A1, printed in Red, see Key. BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asphe

LMC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. BAM3.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction. (thus, ✠ LMC, ✠ Ml.B.S.) lrp.—Large repairs. drp.—Damage repairs of Boil

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was ... time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv *signifies the classification of the Underwriters' Registry, and the letters a... &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from rep... defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date, w... Society's Rules. The note * prefixed to* A *thus, "*A*, indicates that the Vessel has been built with heavier plating than the Rules now require; the note* ‡ *thus* A‡1*, that the ... has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boilers ... Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special S...*

For A1, printed in Red, see Key. BHds.—Bulkheads. PBH—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asph...

LMC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. RAMS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer Surveyors ... Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠ LMC, ✠ 5.86). ... drp.—Length ... of keel.

For complete explanation of all Abbreviations, &c., see Key at commencement of Register.

The symbols of class when printed within brackets thus (A1) (—), indicate that the class has been withdrawn by request of the Owners.

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. *In Column 13 three dots ... indicate that the Vessel was at time Classed, but that the Class has been withdrawn at Owner's request.* *In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters a &c., indicate the letters and equipment numbers in Table No. 22.* *In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from repe defects, was not entitled to a Character in the Register Book; a red line with date under it (thus,) indicates that the Class was withdrawn from non-compliance, at that date, with Society's Rules.* *The note * prefixed to ⩓ thus, *⩓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡, thus A 1 ‡, that the Ve has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron.* *A ring in red ( ) over the figure 1 indicates defects in engines or boilers Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety.* *In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Sur*

For A1, printed in Red, see Key. *BHds.—Bulkheads.* *PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck.* Cem.—*Cemented.* Asp.—*Asphal*

LMC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. *B&Ms.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer Surveyors Lloyd's Register.* ✠ *indicates a special survey of Machinery or Boilers during construction, (thus, ✠ LMC ✠) Repairs.—Large repairs.* *Repairs.—Inferior repairs of Machine*

For complete explanation of all Abbreviations, &c., see Key at commencement of Register.

The symbols of class when printed within brackets thus (A1) —, indicate that the class of the Vessel has lapsed for want of Survey.

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. *In Column 13 three dots ... indicate that the Vessel was at one time Classed, but that the Class has been withdrawn at Owner's request.* *In the same Column* Lv *signifies the classification of the Underwriters' Registry, and the letters a, b, &c., indicate the letters and equipment numbers in Table No. 22.* *In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules.* *The note * prefixed to ✠ thus, *✠, indicates that the Vessel has been built with heavier plating than the Rules now require; the note *, thus ✠ *1, that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron.* *A ring in red (O) over the figure 1 indicates defects in engines or boilers of Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety.* *In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey.*

For A1, printed in Red, see Key. *BHds.—Bulkheads.* *PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck.* Cem.—Cemented. Asp.—Asphalted.

LMC.—*Machinery Certified by the Engineer-Surveyors to Lloyd's Register.* *Lloyd's Register.* ✠ *indicates special survey of Machinery or Boilers during construction, (thus, ✠ LMC., ✠ NB.)* trp.—*Large repeats.* drp.—*Passage repeats, or Repeats*

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from rep defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date, w Society's Rules. The note * prefixed to ⩓ thus, *⩓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ½, thus A ½ 1, that the has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boilers Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special s*

For A 1 printed in Red, see Key. BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asp

LMC.—Machinery Certified by the Resident Surveyors to Lloyd's Register. BSMS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Resident Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠ LMC., ✠ N.S.B.). lrg.—Large engines. drc.—Donkey engine of Boile

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv *signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date Society's Rules. The note * prefixed to ✠ thus, * ✠, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡, thus ✠‡ 1, that has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boi Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special For* ✠1, *printed in Red, see Key. BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—A* LMC—*Machinery Certified by the Engineer-Surveyors to Lloyd's Register.* DBMS—*Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Su Lloyd's Register.* ✠—*Under Special Survey of Machinery or Boilers during construction.* (*thus,* ✠ LMC 3,85[illegible]). *Lgs.—Large engines. The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots . . . indicate that the Vessel was time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv *signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from re defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date Society's Rules. The note * prefixed to ⩓ thus, *⩓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡ thus ‡A ‡1, that the has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boile Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special S*

For A1 printed in Red, see Key. BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asp

LMC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B&MS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surve Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠ LMC, ✠ M&B(1)). lrp.—Large repairs. lrp.—Damage repairs, of Ma

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters a, b, &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * prefixed to A thus, *A, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡ thus A ‡ 1, that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (O) over the figure 1 indicates defects in engines or boilers of Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey.*

For A 1, printed in Red, see Key. BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asphalted.

LMC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B&MS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction. (Thus ✠ 1,85). lrp.—Liberal repairs. lrp.—Damage repairs of Machinery.

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

The symbols of class when printed within brackets thus (A1) —, indicate that the class of the Vessel has lapsed for want of Survey.

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv *signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from rep defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date, w Society's Rules. The note * prefixed to ⩓ thus, *⩓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡ thus A ‡ 1, that the has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boiler Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Su*

For A 1, provided in Hull, etc. Kap. BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asph

LMC—Machinery Certified by the Engineer Surveyors to Lloyd's Register. BMS—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer Surveyors Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction. (thus, ✠ LMC 3.85(S)). Irp—Large engine Crp—Compound engines of Mo

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from re defects, was not entitled to a Character in the Register Book; a red line with date under it (thus,) indicates that the Class was withdrawn from non-compliance, at that date, w Society's Rules. The note * prefixed to ⩓ thus, *⩓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ½ thus A ½ 1, that the has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boiler Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special S*

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv *signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, Society's Rules. The note * prefixed to ⚓ thus, *⚓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡, thus A‡ 1, that the has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boile Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special*

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from re defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date, Society's Rules. The note * prefixed to ⚓ thus, *⚓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ⁂ thus A ⁂ 1, that the has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boile Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, impairing the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special S For A 1, granted in Rel, see Key. BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asp LMC—Machinery Certified by the Engineer Surveyors to Lloyd's Register. B&MS—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer Surv Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠ LMC, ✠ B&MS). tps—Tanks required. drp.—Drainage required, of*

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was a time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters a &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from rep defects, was not entitled to a Character in the Register Book; a red line with date under it (thus,) indicates that the Class was withdrawn from non-compliance, at that date, wi Society's Rules. The note * prefixed to ✠ thus, *✠, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡ thus A ‡ 1, that the V has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boilers Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, impairing the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Su*

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 12 three dots ... indicate that the Vessel was first Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.88) indicates that, at that date, the Vessel from defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.88) indicates that the Class was withdrawn from non-compliance, at that date, Society's Rules. The mark * prefixed to ✠ thus, *✠, indicates that the Vessel has been built with heavier plating than the Rules now require; the mark ‡ thus A ‡ 1, that has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (O) over the figure 1 indicates defects to engines or Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special*

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel has been Classed, but that the Class has been withdrawn at Owner's request. In the same Column L signifies the classification of the Underwriters' Registry, and the letters &c. indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, having defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date. The note * prefixed to ⚓ thus, *⚓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡ thus A ‡ 1, that she has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (O) over the figure 1 indicates defects in engines or Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey. For A 1, printed in Red, see Key.*

BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—

LMC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. P&MS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠ LMC., ✠ NE&B). Lrs.—Large repairs. Srs.—Damage repairs, &c.

For complete explanation of all Abbreviations, &c., see Key at commencement of Register.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was a time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from repe defects, was not entitled to a Character in the Register Book; a red line with date under it (thus,) indicates that the Class was withdrawn from non-compliance, at that date, with Society's Rules. The note * prefixed to ✠ thus, *✠, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ½, thus A ½ 1, that the V has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red ( ) over the figure 1 indicates defects in engines or boilers Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Su*

BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asphal

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lr signifies the classification of the Underwriters' Registry, and the letters a, b &c., indicate the letters and equipment numbers in Tab'e No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * prefixed to ⚓ thus, *⚓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡ thus, ⚓‡ 1, that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (O) over the figure 1 indicates defects in engines or boilers of Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey.*

For A1, applied to Hull, see Key. *BHds.*—Bulkheads. *PBH.*—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asphalted.

LMC—Machinery Classed and Certificate Engineer's Register. D&Mo—Donkey and Winch Engines surveyed and reported to be satisfactory by Chief Engineer Surveyor to the Committee. Passenger Steamers Engineer Surveyor to Underwriters' Registry. ✠ indicates that vessel was built under Special Survey. ✠ indicates that vessel was built under Special Survey. Type Engines surveyed at Maker's Works.

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Register, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from repeated defects, was not entitled to a Character in the Register Book; a red line with date under it (thus,) indicates that the Class was withdrawn from non-compliance, at that date, with Society's Rules. The note * prefixed to ⩓ thus, *⩓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡, thus A ‡ 1, that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red ( ) over the figure 1 indicates defects in engines or boilers of Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey.*

BHds.—Bulkheads. *PBH.*—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asphalt.

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from re defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date, w Society's Rules. The note * prefixed to ⩓ thus, *⩓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note 2, thus A 1 1, that the has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (O) over the figure 1 indicates defects in engines or boile Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special*

For A 1, symbol in Red, see Key. BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asp

LMC.—Machinery Classed by the Register—Surveyors to Lloyd's Register. B&MS.—Boiler and Machinery surveyed and reported on satisfactorily by the Engineer Lloyd's Register. ✠, in addition, Special Survey of Machinery in Builders during construction. ✠LMC.—Machinery Classed by the Register—Surveyors to Lloyd's Register. ✠B&MS.—Boiler and Machinery surveyed and reported on satisfactorily by the Engineer Lloyd's Register. Asp.—Large expansion

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

The symbols of class when printed within brackets thus (A1) (—), indicate that the class has been withdrawn by request of the Owners.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from re defects, was not entitled to a Character in the Register Book; a red line with date under it (thus,) indicates that the Class was withdrawn from non-compliance, at that date, w Society's Rules. The note * prefixed to ⩓ thus, *⩓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note *, thus A 1*, that the has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red ( ) over the figure 1 indicates defects in engines or boilers Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Su*

BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asph

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

The symbols of class when printed within brackets thus (A1) —, indicate that the class of the Vessel has lapsed for want of Survey.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the let &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, fro defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that da Society's Rules. The note * prefixed to ⚓ thus, *⚓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡, thus A ‡ 1, tha has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or b Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Spe*

For A 1, *related to Red, see Key.* *BHds.*—Bulkheads. *PBH.*—Partial Bulkheads or Bulkheads not reaching to the Main Deck. *Cem.*—Cemented. *Asp.*—

LMC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. *B&MS.*—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer- *Lloyd's Register.* ✠ indicating Special Survey of Machinery on Boilers during construction, thus, ✠ LMC, ✠ N.B.&M. *trp.*—Large repairs. *drp.*—Moderate repairs, &c., of

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

The symbols of class when printed within brackets thus (A 1) —, indicate that the class of the Vessel has lapsed for want of Survey.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the lett &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that dat Society's Rules. The note * prefixed to ⩓ thus, *⩓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡, thus A ‡ 1, that has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (O) over the figure 1 indicates defects in engines or bo Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Specia*

For **A1**, *printed in Red, see Key. BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. lrp —*

LMC.—Machinery Certified by the Steamship Surveyors to Lloyd's Register. B&MS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Su Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠ LMC., ✠ NKH.) lrp.—Large repairs drp.—Dock repairs of

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

The symbols of class when printed within brackets thus (A1) —, indicate that the class of the Vessel has lapsed for want of Survey.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was time Classed, but that the Class has been withdrawn at Owner's request. In the same Column LV signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from n defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, ...) indicates that the Class was withdrawn from non-compliance, at that date, Society's Rules. The note * prefixed to ⚓ thus, *⚓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡ thus ⚓‡ 1, that th has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (O) over the figure 1 indicates defects in masts or hull Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special*

BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—As

* *The* 12*th*, 13*th*, *and* 14*th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column* 13 *three dots . . . indicate that the Vessel was at one time Classed, but that the Class has been withdrawn at Owner's request. In the same Column* Lv *signifies the classification of the Underwriters' Registry, and the letters a, b, c, &c., indicate the letters and equipment numbers in Tab'e No.* 22. *In Column* 14 *a black line with date under it (thus,* 3.85) *indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus,* 3.85) *indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * prefixed to* ⩓ *thus, *⩓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note* ⩓ *thus* A 1. *that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (*Q*) over the figure* 1 *indicates defects in engines or boilers of a Steam Ship, or in black (*O*) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns* 1 *and* 13 *the* ✠ *signifies that the vessel was built under Special Survey.*

For A 1, *pressed in Red, see Key.* *BHds.*—*Bulkheads.* *PBH.*—*Partial Bulkheads or Bulkheads not reaching to the Main Deck.* Cem.—Cemented. Asp.—Asphalted.

LMC—Load Water Line Mark Corrected by Surveyor to Owner's Request. DBH—Double Bottom and Machinery Thoroughly and Properly Examined by the Surveyors to the Register Society. Lloyd's Register ✠ indicates Special Survey of Hull, ✠ L.M. ✠ Survey of Machinery, Asp.—Asphalt, Comp.—Composition.

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from re defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date, w Society's Rules. The note * prefixed to A thus, *A, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡ thus A ‡ 1, that the has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (O) over the figure 1 indicates defects in engines or boiler Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special S For A 1, painted on hull, see Key. BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asp LMC—Machinery Surveyed to Lloyd's Register. Boilers and Machinery Surveyed and reported to be in accordance with the Register Book Lloyd's Register. ✠ indicates special Survey of Machinery or Boilers during construction. (Thus ✠ LMC ✠ 5.86 61)*

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was formerly Classed, but that the Class has been withdrawn at Owner's request. In the same Column A signifies the classification of the Underwriters' Registry, and the letters &c. indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from defects, was not entitled to a Character in the Register book; a red line with date under it (thus, 3.86) indicates that the Class was withdrawn from non-compliance, at that date, Society's Rules. The note * prefixed to ✠ thus, *✠, indicates that the Vessel has been built with heavier plating than the Rules now require; the word Spl. thus A 1. Spl. has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in existence at last Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special

For A 1, printed in Red, see Key. BHds—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asphalted.

LMC—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. P&MS—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, thus, ✠ LMC. ✠ 3.84 Ings.—Largo examined. drp.—Diameter of ... Lloyd's Register.

For complete explanation of all Abbreviations, &c., see Key at commencement of Register.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters &c. indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date Society's Rules. The note * prefixed to ⩓ thus, *⩓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note *, thus A *, 1, that t has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (O) over the figure 1 indicates defects in engines or bo Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Specia*

For A1 applied to Hull, see Key. ... Classed by the Underwriters' Surveyors to Lloyd's Register. ... Classed under special Survey at Melbourne ... ✠ indicates special Survey at Melbourne ... Large engines.

BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—A

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the let &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, tru defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that da Society's Rules. The note * prefixed to ✠ thus, *✠, indicates that the Vessel has been built with heavier plating than the Rules now require; the note *. thus ✠. th has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Spec*

For A1, printed in Red, see Key. BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—

LMC.—Machinery Certified by the Engineer Surveyors to Lloyd's Register. B&MS.—Boilers and Machinery Surveyed and reported to be satisfactory to the Society's Register. ✠ indicates Special Survey of Machinery as Boilers during construction. (Mem. ✠ LMC., ✠ 3.86.)

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

The symbols of class when printed within brackets thus (A1) (--), indicate that the class has been withdrawn by request of the Owners.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Register, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from re defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date, Society's Rules. The note * prefixed to ⚓ thus, *⚓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡, thus A ‡ 1, that the has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boilers Steam Sails, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special S*

For A 1, printed in Red, see Key. BIIds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Upper Deck. Cem.—Cemented. Asp.—Asp

LMC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. DBa82.—Boilers and Machinery ... to be surveyed by the Engineer Surveyors Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, thus, ✠ LMC. ✠ drp.—Damage reports, &c.

For complete explanation of all Abbreviations, &c., see Key at commencement of Register.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from re defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date, w Society's Rules. The note * prefixed to ⩓ thus, *⩓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡, thus A ‡ 1, that the has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boiler Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special S*

For A1, printed in Red, see Key. BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asp

LMC.—Weakening Certified by the Engineer Surveyors to Lloyd's Register. MMS.—Mizen and Mainmast Stays. Report to be sent to the Engineer Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠ LMC...) Asp.—Large aspect.

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

The symbols of class when printed within brackets thus (A1) (—), indicate that the class has been withdrawn by request of the Owners.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from re defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date, u Society's Rules. The note * prefixed to A thus, *A, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡, thus A ; 1, that the has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (O) over the figure 1 indicates defects in engines or boile Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special S*

For A 1, printed in Red, see Key. BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asp

LMC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B&MS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction. (Also, ✠ LMC, ✠ B&MS.) lrg.—Large engines. drp—Diameter reported. of Ma

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 5,85) indicates that the Class was withdrawn from non-compliance, at that date, Society's Rules. The note * prefixed to ⚓ thus, *⚓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡, thus ⚓‡, that has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boi Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special*

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots . . indicate that the Vessel was at time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv *signifies the classification of the Underwriters' Registry, and the letters a, &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from repa defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date, with Society's Rules. The note * prefixed to ✠ thus, * ✠, indicates that the Vessel has been built with heavier plating than the Rules now require; the note *, thus A 1 *, that the Ve has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boilers Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 10 the ✠ signifies that the vessel was built under Special Sur*

For A 1, printed in Red, see Key. BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asphal

*** Additional Ships are inserted in the Supplement at the end of the Register.

N.B.—All vessels assigned a character in the Register Book are required, under the Rules of the Society, to be submitted to Surveys by the Society's yors periodically (annually, if practicable), in order to its being seen that their efficiency is duly maintained. It is also a condition that all repairs of or machinery required at ports where there is a Surveyor to this Society, in order to their retaining the characters assigned to them in the Register must be carried out under the inspection and to the satisfaction of the Society's Surveyors. Ships or Machinery repaired at ports where there is no yor to this Society must be surveyed by one of the Society's Surveyors at the earliest opportunity.

The *Date of Survey* of a ship only certifies to its efficiency at that time.

In reference to the Rules of the Society, and in order to prevent the disappointment arising from ships losing their characters from want of survey, it eby intimated that the duty of giving *Notice of Periodical Surveys* required by the Rules, or when repairs are necessary in consequence of damage, or other causes, rests with the Owners, Masters, or Agents.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots . . . indicate that the Vessel time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the let &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, tho defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that da Society's Rules. The note * prefixed to ✠ thus, *✠, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡, thus A ‡ 1, tha has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (O) over the figure 1 indicates defects in engines or b Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Sur For A 1, printed in Red, see Key. BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Com.—Cemented. Asp.— LMC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. DMS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠ LMC., ✠ MSD). Lrp.—Large repairs. Arp.—Damage repairs, of*

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. *In Column 13 three dots ... indicate that the Vessel was at a time Classed, but that the Class has been withdrawn at Owner's request.* *In the same Column* Lv *signifies the classification of the Underwriters' Registry, and the letters a, b, &c., indicate the letters and equipment numbers in Table No. 22.* *In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from reported defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with Society's Rules.* *The note * prefixed to ⩓ thus, *⩓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡ thus ⩓ ‡ 1, that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron.* *A ring in red (O) over the figure 1 indicates defects in engines or boilers of Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety.* *In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey.*

For A1, restated to Feb. 1st, 1888. *LBHds.—Bulkheads.* *PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck.* *Conn.—Connected.* *Asp.—Aspha*

Owners to Lloyd's Register. *BAMR.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer Surveyor* *during construction.* *drp.—Damage repairs, or Machinery*

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel time Classed, but that the Class has been withdrawn at Owner's request. In the same Column LY signifies the classification of the Underwriters' Registry, and the lette &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 8.86) indicates that the Class was withdrawn from non-compliance, at that date Society's Rules. The note * prefixed to A thus, *A, indicates that the Vessel has been built with heavier plating than the Rules now require; the note * thus A * 1, that has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (O) over the figure 1 indicates defects in engines or bo Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Specia For A 1, greatest in Lloyd's Key.*

BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—A

LMC—Machinery Certified by the Lloyd's Surveyors to Lloyd's Rules. RMS—Rudder and Machinery Surveyed and reported to be satisfactory by the Lloyd's Sur Lloyd's Register. ✠ indicates special features of Machinery or Boilers not fully understood. LMC, ✠ LMC, ✠ NMB. Asp.—Aspin

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was [illegible] *time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from re* [illegible] *defects, was not entitled to a Character in the Register Book; a red line with date under it (thus,) indicates that the Class was withdrawn from non-compliance, at that date, w* [illegible] *Society's Rules. The note * prefixed to ⚓ thus, "⚓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡ thus ⚓‡ indicates that the* [illegible] *has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red ( ) over the figure 1 indicates defects in engines or boiler* [illegible] *Steam Ship, or in black ( ) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special S* [illegible]

For A1, printed in Red, see Key. LBHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asp [illegible]

LMC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. BMC—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction. [illegible]

For complete explanation of all Abbreviations, &c., see Key at commencement of Register.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from t defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date, Society's Rules. The note * prefixed to ⚓ thus, *⚓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note *, thus A *, 1, that the has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boile Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special S*

For A 1, printed in Red, see Key. BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asp

LMC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. BAMS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction. [illegible]

*** Additional Ships are inserted in the Supplement at the end of the Register.

N.B.—All vessels assigned a character in the Register Book are required, under the Rules of the Society, to be submitted to Surveys by the Socie Surveyors periodically (annually, if practicable), in order to its being seen that their efficiency is duly maintained. It is also a condition that all repair ships or machinery required at ports where there is a Surveyor to this Society, in order to their retaining the characters assigned to them in the Regi Book, must be carried out under the inspection and to the satisfaction of the Society's Surveyors. Ships or Machinery repaired at ports where there i Surveyor to this Society must be surveyed by one of the Society's Surveyors at the earliest opportunity.

The *Date of Survey* of a ship only certifies to its efficiency at that time.

In reference to the Rules of the Society, and in order to prevent the disappointment arising from ships losing their characters from want of survey is hereby intimated that the duty of giving *Notice of Periodical Surveys* required by the Rules, or when repairs are necessary in consequence of damage from other causes, rests with the Owners, Masters, or Agents.

---

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel w time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letter &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 9,85) indicates that the Class was withdrawn from non-compliance, at that date Society's Rules. The note * prefixed to ✠ thus, *✠, indicates that the Vessel has been built with heavier plating than the Rules now require; the note *, thus A 1 *, that t has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (O) over the figure 1 indicates defects in engines or boi Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special For A 1, graded in Red, see Key.*

BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—A

LMC.—Machinery Certified by the Register Surveyors to Lloyd's Register. MMS.—Boilers and Machinery Surveyed and reported to be Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction. Iron.—Large cruisers.

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the let &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.86) indicates that, at that date, the Vessel, fro defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.86) indicates that the Class was withdrawn from non-compliance, at that da Society's Rules. The note * prefixed to ✠ thus, *✠, indicates that the Vessel has been built with heavier plating than the Rules now require; the note *. thus A *. 1. thi has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Spec*

For A1. *printed in Red, see Key.* *BHds*—*Bulkheads.* *PBH*—*Partial Bulkheads or Bulkheads not reaching to the Main Deck.* *Cem*—*Cemented.* *Asp*—

LMC—*Machinery Certificate in the Register-Surveyors to Lloyd's Register.* *BMC*—*Boilers and Machinery Surveyed and reported to be according to the Rules of Lloyd's Register.* ✠ *indicates Special Survey of Machinery or Boilers during construction, (thus, ✠ LMC., ✠ BMC). Irp*—*Large repeater.* *Brp*—*Small repeater.*

* *The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was time Classed, but that the Class has been withdrawn at Owner's request. In the same Column* LV *signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from n defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date, Society's Rules. The note * prefixed to* ⩓ *thus, *⩓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡ thus* A ‡ 1 *that th has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boil Sailing Ship, or (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special*

For A 1, *printed in Red, see Key. BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—As*

LMC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. BOMS.—Boilers and Machinery Surveyed and reported on to satisfactions by the Engineer-Lloyd's Register. ✠ indicates Special Survey of Builders' during construction. (Dock, ⚓, LMC, ✠ 26,8,87) imp.—Iron engines. dirge—Direct-acting

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from repo defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, wi Society's Rules. The note * prefixed to ⚓ thus, *⚓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡ thus A ‡ 1, that the V has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (O) over the figure 1 indicates defects in engines or boilers Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Su For A 1, see Red, see Key. BHds—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asphe LMC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. P&MS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction (thus, ✠ LMC). ✠ 3.85 ltr.—Large repairs. dtp.—Damage repairs of Machi*

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. *In Column 13 three dots ... indicate that the Vessel was at a time Classed, but that the Class has been withdrawn at Owner's request.* *In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters a, b, &c., indicate the letters and equipment numbers in Table No. 22.* *In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from repair defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date, with Society's Rules.* *The note * prefixed to A thus, *A, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡, thus A ‡ 1, that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron.* *A ring in red (O) over the figure 1 indicates defects in engines or boilers of Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety.* *In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey.*

For A1, printed in Red, see Key. *BHds*—Bulkheads. *PBH*—Partial Bulkheads or Bulkheads not reaching to the Upper Deck. *Cem*—Cemented. *Acp*—Accepted.

LMC—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. *B&MS*—Boilers and Machinery Surveyed and reported to be satisfactory to the Rules of Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠ LMC, ✠ S.&B.) *Irp*—Large repairs.

For complete explanation of all Abbreviations, &c., see Key at commencement of Register.

The symbols of class when printed within brackets thus (A1) —, indicate that the class of the Vessel has lapsed for want of Survey.

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. *In Column 13 three dots ... indicate that the Vessel was at time Classed, but that the Class has been withdrawn at Owner's request.* *In the same Column, L signifies the classification of the Underwriters' Registry, and the letters s, &c., indicate the letters and equipment numbers in Table No. 22.* *In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from repo defects, was not entitled to a Character in the Register Book; a red line with date under it (thus,) indicates that the Class was withdrawn from non-compliance, at that date, with Society's Rules.* *The note * prefixed to ✠ thus, * ✠, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡, thus ✠‡, that the Ve has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron.* *A ring in red ( ) over the figure 1 indicates defects in engines or boilers Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety.* *In Columns 1 and 13 the ✠ signifies that the vessel was built under Special sur For A 1, printed in Red, see Key.*

BHds.—Bulkheads. *PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck.* Cem.—Cemented. Asp.—Asphalt.

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

The symbols of class when printed within brackets thus (A1) —, indicate that the class of the Vessel has lapsed for want of Survey.

*** Additional Ships are inserted in the Supplement at the end of the Register.

N.B.—All vessels assigned a character in the Register Book are required, under the Rules of the Society, to be submitted to Surveys by the Society Surveyors periodically (annually, if practicable), in order to its being seen that their efficiency is duly maintained. It is also a condition that all repairs ships or machinery required at ports where there is a Surveyor to this Society, in order to their retaining the characters assigned to them in the Regist Book, must be carried out under the inspection and to the satisfaction of the Society's Surveyors. Ships or Machinery repaired at ports where there is Surveyor to this Society must be surveyed by one of the Society's Surveyors at the earliest opportunity.

The *Date of Survey* of a ship only certifies to its efficiency at that time.

In reference to the Rules of the Society, and in order to prevent the disappointment arising from ships losing their characters from want of survey, is hereby intimated that the duty of giving *Notice of Periodical Surveys* required by the Rules, or when repairs are necessary in consequence of damage, from other causes, rests with the Owners, Masters, or Agents.

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv *signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from rep defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date, Society's Rules. The note * prefixed to ⩓ thus, *⩓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡ thus A ‡ 1, that the has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (O) over the figure 1 indicates defects in engines or boilers Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special S*

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at one time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from recent defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * prefixed to ✠ thus, *✠, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡, thus A ‡ 1, that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boilers of Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey.*

BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asphalt.

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

The symbols of class when printed within brackets thus (A1) (—), indicate that the class has been withdrawn by request of the Owners.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.86) indicates that, at that date, the Vessel, from defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 7.85) indicates that the Class was withdrawn from non-compliance, at that date Society's Rules. The note * prefixed to ⩓ thus, *⩓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ½ thus A ½ 1, that has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special*

For A 1, printed in Red, see Key. BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—A

LMC.—Monkshing Certified by the Machinery Surveyors to Lloyd's Register. GAMS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction. (Mon. ✠ LMC) ✠ NKlsD Prp.—Large repairs. Arp.—Ordinary repairs, &c.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.83) indicates that, at that date, the Vessel, from defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.83) indicates that the Class was withdrawn from non-compliance, at that date, Society's Rules. The note * prefixed to ⩓ thus, *⩓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡, thus A ‡ 1, that the has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects on survey or bui Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special*

See A 1, symbol or Key. BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—As

LBC.—Machinery Certified by the Liverpool Underwriters' Engine Room Committee. Mchy.—Machinery Certified by the Underwriters' Registry. Mchy. Cert.—Machinery Certified by the Liverpool Underwriters' Engine Room Committee. Mchy. Reg.—Machinery registered in the Underwriters' Registry. ✠—indicates special survey of Machinery or Boilers. ✠ 3.85—Machinery or Boilers specially surveyed, 3.85. ✠ 3.85—Machinery registered in the Underwriters' Registry, specially surveyed, 3.85. Boil. Reg.—Boilers registered in the Underwriters' Registry.

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

The symbols of class when printed within brackets thus (A1) —, indicate that the class of the Vessel has lapsed for want of Survey.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters, &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.86) indicates that, at that date, the Vessel, from re defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.86) indicates that the Class was withdrawn from numerous causes, at that date, Society's Rules. The note * prefixed to ⩓ thus, *⩓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡ thus ‡A 1, that the has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (O) over the figure 1 indicates defects in machinery or boilers Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Su*

For A1, printed in Red, see Key. BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Aspha

LMC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. BMMS.—Boilers and Machinery Surveyed and reported to be satisfactory to the Engineer-Surveyors Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction. (Thus, ✠ LMC, ✠ BMMS). Mg.—Large rivetting. drp.—Diameter rivets of Main

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.86) indicates that the Class was withdrawn from non-compliance, at that date Society's Rules. The note " prefixed to ⩓ thus, "⩓ indicates that the Vessel has been built with heavier plating than the Rules now require; the note ⩓ thus A ⩓ 1, that has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, impairing the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special

*** Additional Ships are inserted in the Supplement at the end of the Register.

N.B.—All vessels assigned a character in the Register Book are required, under the Rules of the Society, to be submitted to Surveys by the Society's Surveyors periodically (annually, if practicable), in order to its being seen that their efficiency is duly maintained. It is also a condition that all repairs to ships or machinery required at ports where there is a Surveyor to this Society, in order to their retaining the characters assigned to them in the Register Book, must be carried out under the inspection and to the satisfaction of the Society's Surveyors. Ships or Machinery repaired at ports where there is no Surveyor to this Society must be surveyed by one of the Society's Surveyors at the earliest opportunity.

The *Date of Survey* of a ship only certifies to its efficiency at that time.

In reference to the Rules of the Society, and in order to prevent the disappointment arising from ships losing their characters from want of survey, it is hereby intimated that the duty of giving *Notice of Periodical Surveys* required by the Rules, or when repairs are necessary in consequence of damage, or from other causes, rests with the Owners, Masters, or Agents.

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. ⌣ *In Column 13 three dots ... indicate that the Vessel was at one time Classed, but that the Class has been withdrawn at Owner's request. In the same Column* Lv *signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from repeated defects, was not entitled to a Character in the Register Book; a red line with date under it (thus,) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * prefixed to ⩓ thus, * ⩓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ⁂ thus* A ⁂ 1, *that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boilers of a Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey.*

See A 1, *printed in Red, see Key.* *BHds.*—*Bulkheads.* *PBH.*—*Partial Bulkheads or Bulkheads not reaching to the Main Deck.* *Cem.*—*Cemented.* *Asp.*—*Asphalt.*

LMC.—*Machinery Certified by the Engineer-Surveyors to Lloyd's Register.* *SS.C.*—*Boilers and Machinery Classed and reported to be satisfactory by the Steamship Owners' Committee.* *Lloyd's Register.* ✠ *indicates Special Survey of Machinery or Boilers during construction.* *(Date.* ✠ *LMC.* ✠ *S.S.C.)* *cy.*—*Large repairs.* *Asp.*—*Extensive repairs of Wood*

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from re defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date, Society's Rules. The note * prefixed to ⩓ thus, *⩓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note *, thus A 1 *, that the has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (O) over the figure 1 indicates defects in engines or boile Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special*

BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—As

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from repo defects, was not entitled to a Character in the Register Book; a red line with date under it (thus,) indicates that the Class was withdrawn from non-compliance, at that date, with Society's Rules. The note * prefixed to ⩓ thus, *⩓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡ thus A ‡ 1. that the V has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in funnels or boilers Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Su*

BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asphal

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

The symbols of class when printed within brackets thus (A1) —, indicate that the class of the Vessel has lapsed for want of Survey.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the le &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, fro defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that d Society's Rules. The note * prefixed to ⚓ thus, *⚓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡, thus A 1 ‡, thi has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Spe*

For A 1, printed in Red, see Key. BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.

LMC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B&MS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction. (Thus, ✠ LMC, ✠ NB88). Irp.—Large repairs. Drp.—Smaller repairs, w

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

The symbols of class when printed within brackets thus (A 1) —, indicate that the class of the Vessel has lapsed for want of Survey.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from re defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, Society's Rules. The note * prefixed to ⩓ thus, *⩓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note *, thus A *, 1, that the has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boile Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special S*

For A1, *printed in* ~~red~~, *see* Key. *BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asp*

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that dat Society's Rules. The note * prefixed to ⚓ thus, *⚓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡, thus A‡ 1, that has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (Q) over the figure 1 indicates defects in engines or b Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Speci*

For **A1**, printed in Red, see Key. BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—

LMC—Machinery Certified by the Engineer Surveyors to Lloyd's Register. BAMS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Register Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠ LMC, ✠ NKL) lrp.—Large repairs srp.—Small repairs of

For complete explanation of all Abbreviations, &c., see Key at commencement of Register.

The symbols of class when printed within brackets thus (**A1**) —, indicate that the class of the Vessel has lapsed for want of Survey.

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel was never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel from repo defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with Society's Rules. The note "prefixed to A thus, "A, indicates that the Vessel has been built with heavier plating than the Rules now require; the note 2 thus A 2 1, that the V has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (O) over the figure 1 indicates defects in engines or boilers Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Sur

For A 1, printed in Red, see Key. BHds—Bulkheads. PBH—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem—Cemented. Asc. LMC—Machinery Surveyed by the Engineer Surveyors to Lloyd's Register. B&MS—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer Surveyors Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction. (thus, ✠ LMC, ✠ B&MS). lrp—Large repairs. drp—Damage repairs of Machi

For complete explanation of all Abbreviations, &c., see Key at commencement of Register.

The symbols of class when printed within brackets thus (A1)—, indicate that the class of the Vessel has lapsed for want of Survey.

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. *In Column 13 three dots ... indicate that the Vessel was at one time Classed, but that the Class has been withdrawn at Owner's request.* *In the same Column* Lv *signifies the classification of the Underwriters' Registry, and the letters a, b, &c., indicate the letters and equipment numbers in Table No. 22.* *In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from repeated defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules.* *The note * prefixed to ✠ thus, *✠, indicates that the Vessel has been built with heavier plating than the Rules now require; the note L thus ✠ L, that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron.* *A ring in red (O) over the figure 1 indicates defects in engines or boilers of Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety.* *In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey.*

For A1, printed in Roll, see Key. *BHds.—Bulkheads.* *PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck.* *Cem.—Cemented.* *Asp.—Asphalted.*

LMC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. *BAMS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register.* *✠ indicates Special Survey of Machinery or Boilers during construction, (thus ✠ LMC, ✠ BAMS).* *lrp.—Large repairs.* *drp.—Damage repaired or Machinery renewed.*

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

The symbols of class when printed within brackets thus (A1) —, indicate that the class of the Vessel has lapsed for want of Survey.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the let &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, fro defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that da Society's Rules. The note * prefixed to ⚓ thus, *⚓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡, thus A ‡ 1, the has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Spe For A 1, see page in Red, see Key. BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—*

LMC.—Machinery Certified by the Surveyors to Lloyd's Register. ~~LMC.—Boilers and Machinery thoroughly and properly examined by the Surveyors to the Register S Owner's Expense. ✠ *indicates Special Survey of Machinery during construction. Other ✠ LMC. ⚓NEA 85 Inp.—Large engines. drp.—Diameter opposite*

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

The symbols of class when printed within brackets thus (A1)—, indicate that the class of the Vessel has lapsed for want of Sur

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date. Society's Rules The note * prefixed to ✠ thus, *✠, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡, thus A ‡ 1, that the has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boi Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special For* A1, *printed in Red, see Key.* *BHds.*—Bulkheads. *PBH.*—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—A

LMC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B&MS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Su Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠ LMC., ✠ NB&D). lrp.—Lloyd's repairs. Arp.—Bureau's repairs of B

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

The symbols of class when printed within brackets thus (A1) —, indicate that the class of the Vessel has lapsed for want of Survey.

Footnote * *Classification does not extend to Petroleum Fittings.*

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at a time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters A, &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, ——) indicates that the Class was withdrawn from non-compliance, at that date, with the defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, ——) indicates that, at that date, the Vessel, from repor Society's Rules. The note * prefixed to ✠ thus, *✠, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡ thus A‡1, that the Ves has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boilers of Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Surve*

For A 1, printed in Red, see Key. BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asphalte

LMC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B&MS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer Surveyors Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction. (thus ✠LMC, ✠N&AB) trp—Large rounds Asp.—Hammer rounds of Machinery

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel time Classed, but that the Class has been withdrawn at Owner's request. In the same Column LY signifies the classification of the Underwriters' Registry, and the &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that Society's Rules. The note * prefixed to ⚓ thus, "⚓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡ thus ⚓ ‡, has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (◯) over the figure 1 indicates defects in connection with Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey.*

BHds.—Bulkheads. *PBH.*—Partial Bulkheads or Bulkheads not reaching to the Main Deck. *Cem.*—Cemented. *Asp.*—

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the Classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date, Society's Rules. The note * prefixed to ⚓ thus, "⚓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡ thus A 1 ‡, that the has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boil Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special*

*** Additional Ships are inserted in the Supplement at the end of the Register.

N.B.—All vessels assigned a character in the Register Book are required, under the Rules of the Society, to be submitted to Surveys by the Society's yors periodically (annually, if practicable), in order to its being seen that their efficiency is duly maintained. It is also a condition that all repairs of or machinery required at ports where there is a Surveyor to this Society, in order to their retaining the characters assigned to them in the Register , must be carried out under the inspection and to the satisfaction of the Society's Surveyors. Ships or Machinery repaired at ports where there is no yor to this Society must be surveyed by one of the Society's Surveyors at the earliest opportunity.

The *Date of Survey* of a ship only certifies to its efficiency at that time.

In reference to the Rules of the Society, and in order to prevent the disappointment arising from ships losing their characters from want of survey, it reby intimated that the duty of giving *Notice of Periodical Surveys* required by the Rules, or when repairs are necessary in consequence of damage, or other causes, rests with the Owners, Masters, or Agents.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date, Society's Rules. The note * prefixed to ⚓ thus, *⚓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡ thus A ‡ 1, that the has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (O) over the figure 1 indicates defects in engines or boile Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special*

For A1, printed in Red, see Key. BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asp

LMC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. *The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was a time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from rep defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, ~~3.85~~) indicates that the Class was withdrawn from non-compliance, at that date, wi Society's Rules. The note * prefixed to ⩓ thus, *⩓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡, thus A ‡ 1, that the V has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (5) over the figure 1 indicates defects in engines or boiler Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Su*

For A 1, *printed in Red, see Key.* *BHds.—Bulkheads.* *PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck.* Cem.—Cemented. Asp.—Asphalt.

LMC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. R&Ms.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction. (Thus, ✠ LMC. 7.85(b)). *drp.—Large repairs.* *drp.—Damage repairs.* *M*

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was a time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, ——) indicates that, at that date, the Vessel, from re defects, was not entitled to a Character in the Register Book; a red line with date under it (thus 2.86) indicates that the Class was withdrawn from non-compliance, at that date, wi Society's Rules. The note * prefixed to A thus, *A, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡, thus A ‡ 1, that the V has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (O) over the figure 1 indicates double or engines or boiler Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special su*

For A1, provided to Roll, see Key. BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Aspha

LMC.—Machinery Classed to the Society's or Surveyors to Lloyd's Register. BMS.—Boilers and Machinery Surveyed and reported to be in efficient working order by the Society's Surveyors.

✠ Steamers built under Special Survey to Lloyd's Register. ✠LMC.—Machinery Classed to Lloyd's Register. ✠BMS.—Boilers and Machinery Surveyed and reported to be in efficient working order by the Society's Surveyors.

For complete explanation of all Abbreviations, &c., see Key at commencement of Register.

The symbols of class when printed within brackets thus (**A1**) —, indicate that the class of the Vessel has lapsed for want of Survey.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Ly signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.86) indicates that the Class was withdrawn from non-compliance, at that date Society's Rules. The note * prefixed to ⍓ thus, *⍓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡ thus ⍓‡ 1, that has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (◉) over the figure 1 indicates defects in engines or b Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Spec*

For ⍓ 1, see Key. BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp –

LMC.—Machinery Certified by the Engineer Surveyors to Lloyd's Register. LMC.—Machinery Surveyed and reported to be satisfactory by the Engineer S Lloyd's Register. ✠ indicates special survey of Machinery of Steamer during construction. Also ✠ LMC. ✠ LMC.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date, Society's Rules. The note * prefixed to ✠ thus, *✠, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡ thus A ‡ 1, that the has been built in excess of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boil Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special For A1, printed in Red, see Key.*

BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—As

LMC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. BMC.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Sur Inland's Register. ✠ indicates Special Survey of Machinery or Boilers during construction. (Thus, ✠ LMC., ✠ N.S.B.C.) lrp.—Large repairs. drp.—Damage repairs. M

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

The symbols of class when printed within brackets thus (A1)—, indicate that the class of the Vessel has lapsed for want of Survey.

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv *signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,86) indicates that the Class was withdrawn from non-compliance, at that date Society's Rules. The note * prefixed to A thus, *A, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡ thus A 1 ‡, that has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (O) over the figure 1 indicates defects in engines or Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special For A1, printed in Red, see Key. BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—A LMC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B&MS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Sur Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠ LMC, ✠ B&MS). lrp.—Large repairs. drp.—Damage repairs of M*

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the le &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, tr defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that d Society's Rules. The note * prefixed to ⩓ thus, *⩓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note *, thus A *, th has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (O) over the figure 1 indicates defects in engines or Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Spe*

For A.1. printed in Red, see Key. BHds—Bulkheads. PBH—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp LMC.—Machinery Certified by the Surveyors to Lloyd's Register. RMS.—Engines and Machinery Surveyed and reported to be satisfactory by the Surveyors Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠ LMC.). srp—Large repairs. drp—Extensive repairs.

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv *signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date, Society's Rules. The note * prefixed to ⚓ thus, *⚓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‖ thus ⚓‖ 1, that the has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boile Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special*

For A 1, printed in Red, see Key. BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Abd.—Ab

CMC.—Masts carried by the Mariners-Surveyors to Lloyd's Register. B&MS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Mariners-Boa Lloyd's Registry. ✠ indicates special survey of Machinery or Boilers during construction. (Mats. ✠ L.Wire. ✠ N.Hull E). lrg.—Large regulars. drp.—Drooping regulars, or Mas

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots …. indicate that the Vessel was at time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from repo defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date, with Society's Rules. The note * prefixed to ✠ thus, *✠, indicates that the Vessel has been built with heavier plating than the Rules now require; the note *. thus A 2 1, that the V has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boilers Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Sur*

For A 1, printed in Red, see Key. *BHds.*—Bulkheads. *PBH.*—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asphalt

LMC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B&MS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠ LMC, ✠ N&MB). lrp.—Large repairs. drp.—Damage repairs of Machine

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. *In Column 13 three dots . . . indicate that the Vessel was at one time Classed, but that the Class has been withdrawn at Owner's request.* *In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters A, &c., indicate the letters and equipment numbers in Table No. 22.* *In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from trifling defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date, with Society's Rules.* *The note * prefixed to A thus, *A, indicates that the Vessel has been built with heavier plating than the Rules now require; the note 2, thus A 2, that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron.* *A ring in red (Q) over the figure 1 indicates defects in engines or boilers of Steam Ship, or in black (○) masts or rigging of a Sailing Ship, imperilling the Ship's safety.* *In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey.*

For A 1, printed in Red, see Key. *BHds*—Bulkheads. *PBH.*—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asphalt.

LMC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B&M?—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction. (Thus, ✠ LMC., ✠ B&M?) bpp—boats provided drp—drawings required, of Machinery

For complete explanation of all Abbreviations, &c., see Key at commencement of Register.

The symbols of class when printed within brackets thus (A1) —, indicate that the class of the Vessel has lapsed for want of Survey.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters a, &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from repeated defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with Society's Rules. The note * prefixed to ✠ thus, * ✠, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡, thus ‡ A 1, that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boilers. Steamer Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey.*

For A 1, printed in Red, see Key. B.H.—Bulkheads. P.B.H.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asphalt.

LMC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B&MS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates special Survey of Machinery or Boilers during construction, (thus, ✠ LMC., ✠ N.&M.) drp.—Large repairs. drp.—Damage repairs, of Machinery.

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters A, &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from repeated defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date, with Society's Rules. The note * prefixed to A thus, *A, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡, thus A‡ 1, that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boilers of Steam Ships, or in hull or rigging of a Sailing Ship, incompatible with the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special survey.*

For A1, printed in Red, see Key. BHds.—Bulkheads PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asphalt.

LMC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. R&MC.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠—indicates Special Survey of Machinery or Boilers during construction, (thus, ✠ LMC.....) L.A.—Large repairs. Dup.—Duplicate engines or boilers.

For complete explanation of all Abbreviations, &c., see Key at commencement of Register.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was formerly Classed, but that the Class has been withdrawn at Owner's request. In the same Column LR signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date, with the Society's Rules. The note * prefixed to ⚓ thus, *⚓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡ thus ⚓‡ 1. that the Vessel has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boilers of Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey.*

For A1, printed in Red, see Key. BHds—Bulkheads PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem—Cemented. Asp—Asphalt.

LMC—Machinery Certified by the Engineer Surveyors to Lloyd's Register. BMS—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer Surveyors to Lloyd's Register. ✠ indicates approval of Machinery or Boilers during construction. (Dots ✠ LMC, ✠ N.S.H.) Irp—Large repairs. Irp—Thorough repairs of Machinery.

For complete explanation of all Abbreviations, &c., see Key at commencement of Register.

Supplement

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was c time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from rep defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 1.86) indicates that the Class was withdrawn from non-compliance, at that date, w Society's Rules. The note * prefixed to ✠ thus, *✠, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡ thus A ‡ 1, that the has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boilers Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special su*

For A1, printed in Red, see Key. BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asph

LMC.—Machinery Classed by the Shipbuilder-Surveyors to Lloyd's Register. RMS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surve Lloyd's Register. ✠ Indicates Special Survey of Machinery or Boilers during construction. (Thus, ✠ LMC, ✠ S.&B.) trp.—Iron repaired. dtp.—Damage repaired. dtr

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.83) indicates that, at that date, the Vessel, from defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.86) indicates that the Class was withdrawn from non-compliance, at that date, Society's Rules. The note * prefixed to ⩓ thus, *⩓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡ thus A ‡ 1, that the has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (O) over the figure 1 indicates defects in engines or boile Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special*

For A 1, printed in Red, see Key. BHds—Bulkheads. PBH—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Conn—Converted. Asp.—As

LMC—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. B&MS—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction. (Mem. ✠ LMC—Q.(N.E.&D). srp—Large repository. Styl.—Cornish

For complete explanation of all Abbreviations, &c., see Key at commencement of Register.

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was at time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Ly signifies the classification of the Underwriters' Register, and the letters &c., &c. indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from trifling defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, with Society's Rules. The note " prefixed to A thus, "A, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ". thus A ". 1, that the V has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red ( ) over the figure 1 indicates defects in engines or boilers Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Sur

For A1, printed in Red, see Key. BHds—Bulkheads. PBH—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem—Cemented. Anc—A

LMC—[illegible] Classed by the Engineer Surveyors to Lloyd's Register. B&MS—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction (thus ✠ LMC, ✠ N.&M.). lrp—Large repairs. dry—Drydocking engines, of Steamers.

For complete explanation of all Abbreviations, &c., see Key at commencement of Register.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that date, Society's Rules. The note * prefixed to ⩓ thus, *⩓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note 2, thus ⩓ 2, that has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (O) over the figure 1 indicates defects in, repairs or insert Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special*

For A1, printed in Red, see Key. BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asphalted.

LMC.—Machinery Certified by the Engineer Surveyors to Lloyd's Register. B&MS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer Surveyors to Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠ LMC., ✠ B&MS). Irp.—Iron repairs. drp.—Iron repairs. If Masts

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

The symbols of class when printed within brackets thus (A1) —, indicate that the class of the Vessel has lapsed for want of Survey.

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv *signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, Society's Rules. The note * prefixed to ⩓ thus, *⩓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡, thus A 1 ‡, that the has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or hull Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special*

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, ~~3.85~~) indicates that the Class was withdrawn from non-compliance, at that date. Society's Rules. The note * prefixed to ✠ thus, *✠, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡ thus A‡1, that has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boilers. Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey. For A1 provided in Red, see Key. BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asphalted. LMC.—Machinery Classed by the Engineer Surveyors to Lloyd's Register. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asphalted. Lloyd's Register. ✠ Indicates Vessels built under Special Survey.*

*** Additional Ships are inserted in the Supplement at the end of the Register.

N.B.—All vessels assigned a character in the Register Book are required, under the Rules of the Society, to be submitted to Surveys by the S Surveyors periodically (annually, if practicable), in order to its being seen that their efficiency is duly maintained. It is also a condition that all re ships or machinery required at ports where there is a Surveyor to this Society, in order to their retaining the characters assigned to them in the Book, must be carried out under the inspection and to the satisfaction of the Society's Surveyors. Ships or Machinery repaired at ports where the Surveyor to this Society must be surveyed by one of the Society's Surveyors at the earliest opportunity.

The *Date of Survey* of a ship only certifies to its efficiency at that time.

In reference to the Rules of the Society, and in order to prevent the disappointment arising from ships losing their characters from want of su is hereby intimated that the duty of giving *Notice of Periodical Surveys* required by the Rules, or when repairs are necessary in consequence of dan from other causes, rests with the Owners, Masters, or Agents.

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. *In Column 13 three dots ... indicate that the Vessel time Classed, but that the Class has been withdrawn at Owner's request.* *In the same Column* Lv *signifies the classification of the Underwriters' Registry, and the let &c., indicate the letters and equipment numbers in Table No. 22.* *In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that dat Society's Rules.* *The note * prefixed to ⩓ thus, * ⩓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note 2 thus A 2 1, that has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron.* *A ring in red (O) over the figure 1 indicates defects in engines or b Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety.* *In Columns 1 and 13 the ✠ signifies that the vessel was built under Speci*

For A1, *printed in Red, see Key.* *BHds*—*Bulkheads.* *PBH.*—*Partial Bulkheads or Bulkheads not reaching to the Main Deck.* Com.—*Composite.* Ass *LMC*—*Machinery Certified by the Engineer-Surveyors to Lloyd's Register.* B&MS.—*Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-S Lloyd's Register.* ✠ *indicates Special Survey of Machinery or Boilers during construction. (Thus, ✠ LMC, ✠ 3.85.)* lrp.—*Large repairs.* srp.—*Small repairs of*

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was c time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters a &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from rep defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, ~~3,85~~) indicates that the Class was withdrawn from non-compliance, at that date, w Society's Rules. The note * prefixed to ✠ thus, *✠, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡, thus A ‡ 1, that the V has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (O) over the figure 1 indicates defects in engines or boiler Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Su For A 1, printed in Red, see Key. BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asph LMC.—Machinery Certified by the Engineer-Surveyors to Lloyd's Register. RMS.—Boilers and Machinery Surveyed and reported to be satisfactory by the Register Surveyors Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction. (Mach) ✠ LMC. ✠ N.K.M. lrp.—Large repairs drp.—Important renewals of Machi*

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv *signifies the classifications of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date, Society's Rules. The note " prefixed to ⩓ thus, "⩓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡, thus A ‡ 1, that the has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (O) over the figure 1 indicates defects in engines or boile Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special*

For A 1, printed in Red, see Key. BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—As M.—Machinery Classed by the Engineer-Surveyors to Lloyd's Register. R.M.S.—Boilers and Machinery Surveyed and reported to be satisfactory by the Engineer-Lloyd's Register. ✠ indicates Special Survey of Machinery or Boilers during construction, (thus, ✠ LMC., ✠ M.&B). Lrp.—Large repairs. Slrp.—Slender repairs of Hu

For complete explanation of all Abbreviations, &c., see Key at commencement of Register.

The symbols of class when printed within brackets thus (A1) —, indicate that the class of the Vessel has lapsed for want of Survey.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the let &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that dat Society's Rules. The note * prefixed to ⚓ thus, *⚓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡ thus ⚓ ‡, that has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or b Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Spec*

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. . *In Column 13 three dots ... indicate that the Vessel was formerly Classed, but that the Class has been withdrawn at Owner's request.* *In the same Column* L† *signifies the classification of the Underwriters' Registry, and the letters* a.c. *indicate the letters and equipment numbers in Table No. 22.* *In Column 14 a blank line with date under it (thus, 3.86) indicates that, at that date, the Vessel, from defects, was not entitled to a Character in the Register Book; a red line with date under it (thus,) indicates that the Class was withdrawn from non-compliance, at that date Society's Rules.* *The rule "prefixed to ✠ thus, "✠, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‖, thus A 1 ‖, that has been built in excess of the Rules of the Underwriters' Registry, and of extra quantity of iron.* *A ring in red (○) over the figure 1 indicates defects in engines or boilers of Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety.* *In Columns 1 and 13 the ✠ signifies that the vessel was built under Special Survey.*

see **A 1**, *printed in Red, see Key.* *BHds.*—Bulkheads. *PBH.*—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asphalted.

~~LMC.—Machinery Certified by the Register Surveyors to Lloyd's Register.~~ ~~Built and Machinery Surveyed and reported to be satisfactory to the Register~~ ~~Lloyd's Register.~~ ✠ *Indicates Special Survey of Machinery or Boilers during construction.* ~~Class suspended~~ ~~Class restored~~ ~~Class withdrawn~~

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

The symbols of class when printed within brackets thus (**A1**) —, indicate that the class of the Vessel has lapsed for want of Survey.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 8 85) indicates that, at that date, the Vessel, from defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, ——) indicates that the Class was withdrawn from non-compliance, at that date Society's Rules. The note * prefixed to ⚓ thus, *⚓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡, thus ⚓‡, that the has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or boile steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 12 the ✠ signifies that the vessel was built under Special*

BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asp

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters &c. indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from re defects, was not entitled to a Character in the Register Book; a red line with date under it (thus,) indicates that the Class was withdrawn from non-compliance, at that date, w Society's Rules. The note * prefixed to ✠ thus, *✠, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡ thus A ‡ 1, that the has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red ( ) over the figure 1 indicates defects in engines or boile Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special S*

BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—Asp

The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was ~~*time*~~*me Classed, but that the Class has been withdrawn at owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from* ~~*d*~~*defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, ——) indicates that the Class was withdrawn from non-compliance, at that date, Society's Rules. The note * prefixed to ⚓ thus, *⚓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note 2 thus A 2, 1, that the* ~~*h*~~*has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (◯) over the figure 1 indicates defects in engines or boile* ~~*S*~~*Steam Ship, or in black (◯) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special* ~~*S*~~

~~*either A 1 or 100A in Hull and Eng*~~ *BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—As*

~~*Iron. Engines constructed by the Surveyors to Lloyd's Register. BBMS Boilers and Machinery Surveyed and reported on by the Committee's Special Surveyor of Machinery in Boilers during construction. ✠ ✠ ✠ &c. Foreign engines.*~~

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

*** Additional Ships are inserted in the Supplement at the end of the Register.

N.B.—All vessels assigned a character in the Register Book are required, under the Rules of the Society, to be submitted to Surveys by the Society's eyors periodically (annually, if practicable), in order to its being seen that their efficiency is duly maintained. It is also a condition that all repairs of or machinery required at ports where there is a Surveyor to this Society, in order to their retaining the characters assigned to them in the Register , must be carried out under the inspection and to the satisfaction of the Society's Surveyors. Ships or Machinery repaired at ports where there is no eyor to this Society must be surveyed by one of the Society's Surveyors at the earliest opportunity.

The *Date of Survey* of a ship only certifies to its efficiency at that time.

In reference to the Rules of the Society, and in order to prevent the disappointment arising from ships losing their characters from want of survey, it reby intimated that the duty of giving *Notice of Periodical Surveys* required by the Rules, or when repairs are necessary in consequence of damage, or other causes, rests with the Owners, Masters, or Agents.

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the lett &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.85) indicates that, at that date, the Vessel, from defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3.85) indicates that the Class was withdrawn from non-compliance, at that dat Society's Rules. The note * prefixed to ✠ thus, *✠, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡ thus ‡A 1, that has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (18) over the figure 1 indicates defects in engines or bo Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Speci*

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel was formerly Classed, but that the Class has been withdrawn at Owner's request. In the same Column Ly signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3.88) indicates that, at that date, the Vessel, from defects, was not entitled to a Character in the Register Book; a red line with date under it (thus,) indicates that the Class was withdrawn from non-compliance, at that date Society's Rules. The note * prefixed to ⚓ thus, *⚓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡ thus, ‡A 1. has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red ( ) over the figure 1 indicates defects in engines or Steam Ship, or in black (O) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Special*

BHds.—Bulkheads. PBH.—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—

*The 12th, 13th, and 14th Columns left blank, indicate that the Vessel has never been Classed in the Register Book. In Column 13 three dots ... indicate that the Vessel time Classed, but that the Class has been withdrawn at Owner's request. In the same Column Lv signifies the classification of the Underwriters' Registry, and the letters &c., indicate the letters and equipment numbers in Table No. 22. In Column 14 a black line with date under it (thus, 3,85) indicates that, at that date, the Vessel, from defects, was not entitled to a Character in the Register Book; a red line with date under it (thus, 3,85) indicates that the Class was withdrawn from non-compliance, at that date Society's Rules. The note * prefixed to ⚓ thus, *⚓, indicates that the Vessel has been built with heavier plating than the Rules now require; the note ‡, thus A ‡ 1, that has been built in excess of the Rules of the Underwriters' Registry, and of extra quality of iron. A ring in red (○) over the figure 1 indicates defects in engines or b Steam Ship, or in black (○) in masts or rigging of a Sailing Ship, imperilling the Ship's safety. In Columns 1 and 13 the ✠ signifies that the vessel was built under Speci*

For A1, printed in Red, see Key. *Dlds.*—Bulkheads. *PBH.*—Partial Bulkheads or Bulkheads not reaching to the Main Deck. Cem.—Cemented. Asp.—A
LMC.—Mr. Lloyd's Certificate of Engineer Surveyors to Lloyd's Register. BWM.—Boilers and Machinery Surveyed and reported to be satisfactory by the Surveyor Lloyd's Register. ✠ indicates Special Survey of Machinery at Maker's during construction. (Red, ✠ LMC). Rep.—Lower repairs. Rep.—Damage repairs, of

For complete explanation of all Abbreviations, &c., *see* Key at commencement of Register.

within brackets s (thus (A1) —, indicate that the class of the Vessel has been paid for want of Survey
